Drainage Rider: This permit does not give permission to alter the existing drainage pattern nor alter the existing volume or volume of drainage water. No additional drainage of surface water may be directed toward, onto, or into or in any way effect the borough streets or their facilities.

This permit does not in any way relieve the permittee from acquiring the consent, permission, or authorization from any affected property owner. Nor does this permit authorize the permittee to direct, divert or otherwise drain surface water over the property of any other property owners as a result of the work done under this permit.

It is understood and agreed that the permittee shall, at all times hold the Johnsonburg Borough harmless for any claims, suits, legal expenses, and judgements which any property owner may bring against the Johnsonburg Borough or against the Johnsonburg Borough and its officials and employees for any conditions occurring or alleged to be caused by work done under this permit.
